The attention of the Board was brought in regard to Constable Colburn bill and the way in which he was spending the sum of $300.00 appropriated for the enforcement of the liquor laws. He working 14 consecutive days from Oct 14 to Oct 31 inclusive at $3.00 per day and not getting any evidence. It was questioned as to what authority if any the selectmen had in regard to setting price for services per hour or per day for constables and with an interview with Judge Fisher it was found that the Board could not set any price but could hold up bills and if in their best judgment they thought they were unreasonable could refuse to pay them. If brought to court the decision would be given probably from the law of reason. a fair and reasonable compensation for their services could be collected by them. The appropriation being spent all but 14.83 it was decided to put an article in the warrant for special Town meeting asking for more money.

Voted The secretary inform or notify constables that the appropriation was nearly exhausted and he did not care to approve bills running over appropriations

Saturday Dec 12th 1908

Regular meeting of the board Mr E. T. Adams John J. Dunn Wilbur Lapham C. H. Devine & Frank Small present.

Mr Corbett of Lowell appears in behalf of Mr Carp for his slaughter house license and replies as follows:
I understand the burden it brings upon the town to grant so many licenses but Mr Carp bought this farm with the understanding that he could get a slaughter house license and it is the only means by which he is able to support his large family. The farm is not adequate for farming and besides Mr Carp knows nothing whatever in regard to same. Now Mr Carp is willing to contribute or reimburse the town the sum of $100.00 for the privilege of butchering from this date until the 1st of April 1909. Mr Corbett claims it will in no way be illegal for the board to accept the $100.00 or more as a contribution to the town and hopes the board will look at the matter favorably and let me know.

Public Hearing

To the voters of the Town of Chelmsford, Mass

Public Hearing

To be held at Town Hall Chelmsford, Mass.
Wednesday Jan 20-1909 at Eight o'clock P. M.
On petition of G. M. Randall M. D. to establish and maintain at the Litchfield Estate, High st Chelmsford, Mass. a small homelike treatment of mild nervous cases convalescent patients after surgical operations. No Tuberculosis or contagious diseases to be admitted.

E. T. Adams
D Frank Small
John J. Dunn
Wilbur E. Lapham
Chas F. Devine

Selectmen of Chelmsford.

Mr E. K. Clark says the mode of knowledge. stating in letter all sorts of cases in connection with surgical convalescent operations I am very much opposed to it my self. The house is an old one and the premises together with drainage do not warrant any such institution and is a menace to the community. What will be come of property if the institution happens to be abandoned? There is nothing in petition to show us that it is in any way profitable to the Town. This section is a fine residential locality. The result of this case will ruin the financial value of these fine homes. Compare it with the Tewksbury Almshouse which is a fine institution but we do not want anything of the sort in Chelmsford whatever. We want to have the selectmen to see there is no such institution located in Chelmsford.

Mr F. F. Smith: I heartely endorse everything Mr Blake has said and would not have it around me and will do anything to prevent it.

Mr H. F. Knowlton: I endorse what the other two gentlemen have said.

Mr Dunn presiding put the question as to granting this petition and it was a unanimous vote not to grant it.

Voted to grant by the Board of Selectmen the two pole locations to N. E. Tel & Tel Co as appears on page 5.

Voted to give E. M. Randall M. D. leave to withdraw his petition indefinitely.

D Frank Sweet Secy

Public Hearing at Town Hall
Friday March 11/10 on petition of Lowell
Electric Light Corp for location of nine poles
on Princeton St. Northerly side of New bridge.
Called to order by Chairman E. T. Adams.

Mr Geo H Ingham objects to granting petition
for said poles, in his opinion there are sufficient
poles on Princeton St and suggests that
said location be given from Pumping Sta.
around the pond.
Mr Parkinson of L. E. L. Co., claims the object in
view is to supply H. E. Fletcher & Co of Westford
power for quarry purposes and must get them
as soon as possible. The poles will be much
taller than those of N. E. Tel & Tel Co and wires
will extend of Tel wires and trees and will be
place side of telephone poles making a neat
appearance. Poles will be painted and
kept in condition. All present wires will
be removed over Tel wires.
Christopher Clauson why not go around
the pond instead of this way and objects
to location,
Mrs Hall G.B. and in behalf of Harry Hall Westford
objects to location
John F. Shaw does not object to progress
and well situated scenes on a main
thoroughfare but thinks they might find
a prettier and better location defining
same route as laid out by G H Ingham.
also was speaking for Miss L. J. Draper
as well as for his Mother
Mrs Shaw would like the Company to
look up cost of going from pumping Station

The Selectmen have granted a Public Hearing

location of 5 H poles on Main & School Sts
Said hearing to be held at Winships Hall
West Chelmsford, Mass. Wednesday Apr 20 1910 at Eight o'clock P. M.

L. Frank Small Sec.

located as follows
13 poles on Main St
32 " " School "
7 " " Strawberry Hill
2 " " Curtis Lane

Mr Parkinson of L. E. Lt Corp said that the location asked for was to get the light out of the trees and it was necessary to set new poles on School St as the present ones were not in any condition to string the wires.
Mr Bickford asked if there was some other way to get a light on the Square rather than setting a pole in the Sq.

Mr Dunn said he had Mr French of the L. E. Lt. Corp. and brought out this part of having an iron pole but could not get any figure at present. Mr Parkinson said it could be attached at the top of an iron pole.

Mr Bickford said a good iron pole in the park would be no objection. Next we have just gotten rid of a chestnut pole and do not think it advisable to replace it.

Mr John J. Monahan objects to location where the stakes are providing they are correct as they are 5 feet out believe the poles should be set where the present lamps are. They are laid out by the town
The street has been accepted by the town but never [illegible]

What we are travelling on as a sidewalk is properly the middle of the street.

Mr Edwards understands that the street is laid out 50 ft wide, and after one o'clock the street is dark
The time to set the poles back is now and have the warden trim the trees.

There is no objection to any location except these four between Sq and Westford line.
Mr Brown why not set nett to fence if set 6 ft from new line the nearest tree will be 4 ft in sidewalk and one will come directly in center of walk
Mr Monahan we are all talking from memory.
Mr Edwards said it would be a good idea to get the plans and set the poles on outer edge of ~~sidewalk~~ permanent sidewalk regardless of present sidewalk.

The only difficulty is right on this street where there will be 5 poles in 1100 feet. and if the poles are set on the outer edge of permanent sidewalk and the trees trimmed thats is all that is necessary.

Mr Geo Fiske moves a motion that hearing be adjourned (motion seconded. Chairman Adams so declared.

The Lowell & Fitchburg Street Railway Company respectfully petition your honorable board for permission to transport as common carriers newspapers, baggage, express matter and freight upon any and all parts of its lines within the limits of said Town of Chelmsford, in accordance with the provisions of Chap 402 of the acts of the year 1907

Lowell and Fitchburg St R R Co

By D. C Parsons Atty

Mr Parsons for L. & F. St. R. R. Time has come after frequented requests for a common carriers license by R R Companies Town of Ayer has granted this Company a license to that effect.
At Westford Mr Fisher is preparing a notice for a hearing at an early date. It is a desirable thing for the road and advantageous to the Town. The Company will be consistent with the laws and regulations if granted by the board of selectmen subject to the approval of the board of R R Commissioners Our plan is to have a regular express car and team so as to not conflict with passenger cars
Not to carry any freight on passenger cars Our intention is to begin immediately

June 29/10 Public Hearing on
Petition of Boston & Northern St R.R.
to relocate tracks from center of St to
side of St on Chelmsford St C.C.
Said hearing held at Town Hall C.C.
and called at 8 o'clk P.M.
Mr E T Adams Chairman & F Small Sec'y

Supt Lees appears in favor of petition
due to the fact that the company brings the
petition and proposes to rebuild said line
permanently the work is to first class and
up to date construction,
Thinks the tracks would be better on side of
street.
In view of the fact the company would
like the matter settled one way or the other
if majority thinks where the track goes
now at the present time is satisfactory
it is the time to settle it.
The Company has no choice and expect
the citizens to decide so as to go on
record and the company will not have
to change for some yrs to come.

Mr E. W Sweetser has no questions to
ask and wishes to go on record as
being opposed to relocation Chelmsford
St. Property along the line would be damaged
to some extent to have tracks on side
and I for one would prefer to have them
remain where they are.

Mr John Willson heartily agrees with
Mr Sweetser and is opposed to relocation.

E. W Robbins representing parties owning
property next to Mr Sweetser and they are
opposed to it for same reasons as Mr
Sweetser & Willson. Think that the location
of track at present time would be preferable
Mr Robbins idea is to come in center of
street and suggested at that time that it

was the proper place
Mr Lees said the party that called our attention to it said it would wipe out two crossings one at Willson St and Colour and if laid on side they would not have to cross tracks.

Mr Ellis My interest as a citizen and have looked over the travelled R.I and am not prepared to say whether it would make better roads, but as far as property it would be those three abuttors on injury and at the corner of Parkhurst Store is a very dangerous spot for autos & teams coming down Littleton St

Mrs Ellis goes on record as being opposed.

Mr J.E. Mann wishes to go on record as opposed. When on board of Selectmen was only objector to going on side and Mr Sullivan put his hand on my shoulder and said if he lived where I did he would feel just the same as I and thinks he has the same idea

Mr Marshall the present rail stood the test quite satisfactory and Mr Sullivan agreed at that time that the center was the proper place advise plan to continue in same manner. New rails will be relied by abuttors.
Mr Lees stated that the Highway Com would not build ~~highways~~ with tracks in center of Street and said the company was not looking for a change but did not want to be called upon in 3- or 4 years to move said tracks.

It was voted at the special town meeting that the report of the investigating committee be accepted and placed on file. The following of which is a copy of the original,

different meetings, "There are plenty of seats down front, gentleman. You cannot expect to be counted unless seated," and Mr. Mahaney thought that was the proper method to pursue.

Mr. John Daley was in gallery with Mr. Sheehan and claims Mr. Sheehan, although being a registered voter of the Town, did not vote and does not remember of seeing any one rise and vote in gallery.

Mrs. Geo. Bacon was at Town meeting with her husband, Mrs. J. Vinal, and Mr. Atwood and all stood in the gallery. Did not see any one who she thought was too young to vote to so. Mr. Bacon and Mr. Atwood voted against building a school on the McNally Lot, and I do not think any one else voted in the gallery. We stood quite a way back in the gallery and could not see in back part of the hall down stairs from where we stood. Did not know any one else in gallery, but there were several people there.

We, the Committee, have been unable to locate any Mr. Cadigan of Carlisle, there being no such man there as far as we can be informed.

Wilfred Gagnon, age 16, resides on Washington St., N.C., says he was at the home of his sister, Mrs. John Morning, on the night of Sept. 12, and did not attend Town meeting. Left his sister's at 8.25 o'clock to go home and met his brother Joe near Cottage Row. Claims his nickname Bib and his age 16 years.

Merrill Gagnon resides at J. Morning's and is 20 years of age. Attending Town meeting and sat in gallery all through said meeting. Did not vote or even stand up during the meeting. Sat with Thomas Welsh. Saw two women in gallery but did not know them.

Thomas Welsh claims to have been seated with Merrill Gagnon and did not see him stand at any time during the meeting. Saw Mrs. J. Vinal, Mrs. Geo. Bacon, Mr. Chas. Atwood and Mr. Geo. Bacon in gallery back at right of us. Mr. Atwood called out to tellers to vote and be counted.

Mrs. John Vinal claims to have attended Town meeting on Sept. 12, and stood in gallery with Mrs. Bacon, Chas. Atwood, and Geo. Bacon. Does not know any of the Gagnon boys but saw a young fellow down stairs with a cap on stand up and vote, and thinks he was not old enough. Counted some four or five in gallery, stood in front row during the meeting. Knows all of the Welsh boys but did not see any of them there.

Mr. Walter McEnaney was a teller at said meeting and claims that he did not count any one in the back of the Hall or in the gallery. Could not name any one in gallery or tell whether Merrill Gagnon was there, but knows he was not counted by him from the floor. Why he did not count any one in back of the hall is because he has heard Mr. Bartlett, the Moderator, remark at several

Mr Arthur Warren, Joseph E. Warren H. L. Parkhurst Walter Perham Edwin C Perham Mr Barbour Dr F.E. Varney Geo C Moore Geo C Moore Jr Christopher Clarson, H.C. Wheeler H.C. Gage and several others appeared before the board in regard to the [illegible]

Mr Arthur M. Warren replied as follows
We come before your honorable board
in the matter of good roads. I do not
come to make any criticisms in regard to
your work but would like to make
a few suggestions. In the care and
maintenance of our roads in the past
10 years we have spent $40,80.41 and the
only piece of good road in the town is
the one leading from Golden Cove to the
Town Farm. Now we are or have been
spending $8000 a year with no ad-
vancement whatever and think it would
be beneficial if we tried new methods.
I would suggest that we set aside 1/2
of the annual appropriation for permanent
roads and use the balance for cleaning
out gutters and culverts move the
old material with scrapers and keep
the roads crowned. The County Com
will look after surveying grading and
drainage of any road which we might
care to build. I consider it would be
more profitable to dispose of the teams
and hire your teaming outside by the day.

Dr Vanvey agrees with Mr Warren and
thinks we should adopt a new system
and lay aside $4000 for permanent work
each year. Compared with the Town of
Wistford and claims they have better roads
than we do. Willing to leave it with the
Board of Selectmen as to what would
be the best method to adopt

Walter Perham is interested in good
roads and says the money in the past
10 years has not been judiciously spent.
Believes that the gutters should be cleaned
out and kept so and not have the gravel
wash off as it did last year and keep
the roads crowned

Mr Edwin C Perham and Mr Barbour also made remarks as to the way and manner in which the roads were kept the past 10 yrs and believed we could improve on same by adopting a new [illegible]

Sent the following letter to City of Haverhill

To the Overseers of the Poor,
Haverhill, Mass

Gentlemen:

On Aug 29/11 the Town of Chelmsford paid your city the sum of $86.00 being the amount expended as relief of Mrs George A Byam Jr. and her minor child. We have recently learned that Mrs Byam is recovering the sum of $6.00 per week from her husband under a decree for separate maintenance of the Probate court of Middlesex Co. as she may possibly apply for further assistance, it seemed well to inform you that Mr Byam has no longer a settlement in this town. We are confident that he acquired a settlement in Lowell which began on 1906-7-8-9-10-11 inclusive and assume that Mrs Byam's settlement follows that of her husband.

Trusting that this information will be of interest to you and possible use.

Public Hearing on petition presented Board for location of a cemetery at East Chelmsford said hearing held at Selectmen rooms and was opened at 8 o'clock by the Chairman Mr E. J. Adams and L Frank Sewall as secretary.

Wm Harvey Esq. appeared in behalf of the petitioners and said they had looked over a great many places and thought the present location was most appropriate being that as they saw it that it was well away from any buildings and would not interfere with building purposes.
The association consists of about 300 families and it would take some years to utilize all of the land.
Mr Fahey was also willing that the Board of Selectmen go over the lot with the petitioners and abuttors and see if it could not meet with some agreement.

Daniel Reardon, Patrick Mc Cann and James E. Mc Cann. were present and all three gentlemen opposed the proposition as they were abuttors to said land and it was a detriment to the same.

It was finally decided to meet all parties concerned on the proposed site on Monday March 5/12 at 1/-30 o'clock a. m.

Board voted to call a public hearing on petition of Bernard Goldman President of Merrimack Lodge I.O. B'n. for location of a cemetery on land known as Highland Park Chelmsford, said hearing to be held at Town Hall Chelmsford Friday March 8/12 at 8 o'clock P. M.

D Frank Small Sec

March 8/12
Public hearing held this day with E. J. Adams John J. Dunn and D Frank Small present. said hearing was opened by Chairman and petition from Merrimack Lodge I. O. B. A. read.

Mr Bernard Goldman Esq. spoke in behalf of the Lodge as follows
The first duty or rather one of the first duties imposed upon us is to bury the dead and we must first find a suitable locality, therefore we have selected this piece of land on the outlying districts of your town whereby it will not disturb any persons of menace anyones property. It is situated near the Lowell line and at present the tax upon said property is $10.20 and it is the intention of the order to clean and beautify the land for this purpose also to erect a house for a care taker and it would pay more to the town in years to come than to have it in its present state.

Mrs O'Neil was present to represent her husband Mr John O'Neil one of the abuttors and said they did not oppose or favor the locality for such a purpose and intended to build a home there some day on either lot #10 #190.

Mrs Hart said she would like to sell her land in that vicinity otherwise she would object to a cemetery located there.

Mr Harrigan of the Lowell Trust Co said the Washington Institution for savings have a large piece of property adjoining this land and his opinion was that it would be one of the quickest ways to locate a cemetery there for the sale of the land. These people would buy land eventually an locate houses and this would offset the value at the present time. Mr Harrigan also presented a letter to the secretary from the directors of the Washington

Institution for savings which read as follows.

Mr D F Small, Secretary
Chelmsford Mass

Dear Sir:

I beg leave to state that we received the notice of a public hearing to be granted by the Board of Selectmen on the petition of Bernard Goldman, of Merrimack Lodge I.O.B.A. for the location of a cemetery in the Town of Chelmsford.

In behalf of the Washington Savings Institution we wish to be recorded as in favor of the Cemetery, because we believe it will have a tendency to have people locate in that vicinity, and cause new houses to be built, which no doubt will increase the assessed value of the surrounding property.

Thanking you for notifying us of the hearing I remain

Very Truly Yours

Thos H Murphy
Treasurer

March 15 – Public Hearing –

Hearing held at Town Hall Chelmsford Center on petition of Mr Hill and others petition being filed with Town Clerk with plans etc according to law.
Said petition was read by the Chairman and the hearing opened, the full board of Selectmen being present.
Mr H.C. Ellis. Walter Perham Charles Parkhurst Pearl Harmon Geo W. Day Minot Beane J. A. Harmon Sarah Foster Mr Hill Mr Brooks of Smith & Brook Civil Engineers and several others
Mr Perham called for plan as laid out by the Board it was submitted and gone over by all present
Mr Brooks stated that the layout was not definite but for the abuttors to approve or disapprove
Mr Adams stated that it was the boards intention to make said layout satisfactory if possible without injury to any of the abuttors.
Mr Perham asked if any deeds were consulted Mr Brooks said simply the traveled way was taken into consideration
Mr H. C. Ellis – Would hate very much to see it laid out as the present plan shows. Inside of the rock across his lawn it takes off by actual measurement 8 ft 10 inches on his front walk and carry it along makes it diagonally across the lawn and crowds him on one end. Mr Ellis states that Mr Frances Day was willing that it should come over on this side which would release Mr Ellis something like 4 or five feet and if it could be done it would be more satisfactory otherwise it takes off about 1/3 of my lawn.
Mr Perham asked if there had been any estimate as to the cost of laying out the proposed street Mr Adams replied that the board had not gone into the expense as it was not

known what the abettors were contemplating as regards damages.
Mr Putnam stated he was willing that it be laid out as per plans submitted.
Mr J. A. Harmon is satisfied with plans.
Mr Hill stated that there seemed to be no objection only between he and Mr Ellis and thought it could be carried over on the other side
Mr Pearl Harmon satisfied with the present plan.
Walter Putnam inquired if there would be any land damages.
Mr Brooks is perfectly willing to make any changes which the abettors see fit to make
Mr Putnam suggests we look the layout over and see as to what can be done.
Mr Adams adjourned hearing until after the going over of the layout had been accomplished.
Return Mr Ellis does not think it reasonable as it can be done without any damages to anyone or a building existing. If the time was here but take time and settle it. Mr Putnam and other abettors simply argue the time which should not be considered. And Mr Ellis hoped the board would give the matter due consideration
Mr Putnam claims plan as drawn shows that all the land is taken off his side of the street and thinks he is justified in making the statement. It will not be agreeable or very possible to take land in laying out a street without stepping on some ones toes. gives credit to Smith & Brooks for such a layout.
Mr. Ellis claims the preceding speaker hinges on the fact that we have not the time and does not consider the changes. We can have even if it took 1 or 2 years a proper layout without injury to any one. And claims it make quite a difference whether you take land in front of a mans residence or in front of vacant property.

Mr Putnam doubts if it would be an improvement to make changes in the street
Mr C. A. Aiken asks if they can have lighting on the street before the street has been accepted and if not would favor settling it to-day as far as he was concerned.
Mr Hill says that if line is laid out as amended there would be no damages so far as he was concerned.
Mr Smith favors layout as present plan shows.
Paul Harmon favors layout as plan shows rather than have any delay and would call for no damages unless others receive it and would be willing to leave with the Selectmen.
Mr Putnam - Claims as far as he is concerned he does not want any damages but feels that if others get any he should be entitled to some but would accept what the Selectmen decided.
S. A. Harmon willing to accept plan and layout as shown.
Charles Pinkham - agreeable and would like the matter fixed up to-day
Mr Jas W. Day - does not in any way seem to be effected by the layout.
Mr Hindle satisfied to have it settled to-day and would claim no damages
Mr Estes would like to know if the matter had to be done to-night and thinks a line drawn on the plan and if so it would be better for every one. I do not want any money would rather pay the town money than to have my property damaged to such an extent. I am willing to be fair and just in the matter and willing to meet you half way. and hope you will give the matter your careful consideration

Board then went into executive session.

The question was argued pro & con and Mr Ismall made a motion as follows

Moved that we have Bridge St., so-called surveyed over to correspond with the changes at Ellis Hills, Frances Day's and Sarah M Foster's. and submit the amended plan to the voters on town-meeting day

Seconded by Mr Dennen.

May 10 To the Honorable the Board of Selectmen of the Town of Chel

Respectfully represents your petitioner, the Bay State Steet Railway Co, a corporation established under the laws of the Commonwealth of Massachusetts, and doing business in the Town of Chelmsford, that it desires an alteration, relocation and ~~public convenience~~ extension of its track in said town of Chelmsford, and that public convenience and necessity require the same.

Wherefore it respectfully petitions your Honorable Board for an alteration and relocation of its existing track in Middlesex st, from Lowell line to Steven's Corner, and extension of its location by an additional track in Middlesex St, from a point at or near Cottage Row to Stevens Corner in said Chelmsford, together with such switches, curves and cross connections as may be necessary & convenient for the operation of the cars of said company; all substantially as shown on plans to be filed at the hearing to be held hereon.

And to erect, place, maintain and use such poles, wires and other appliances as are usual and necessary in the overhead trolley system of street car propulsion and to propel cars by such system over the said tracks with electricity as the motive power, or to use such other motive power as the laws of this Commonwealth permit and the Selectmen of said Town shall from time to time approve; and to make such surface alterations in the ways through which this alteration, relocation and extension is granted as may be necessary.

Bay State Street Railway Company

By P F Sullivan
President

Chelmsford Mass April 23/1912

Ordered by the Board of Selectmen of the Town of Chelmsford, in session, on the foregoing petition of the Bay State Street Railway Co, a body corporate under the laws of said Commonwealth, for an alteration, relocation and extension of its existing tracks in Middlesex Street in said Chelmsford, dated April 15. 1912. That a meeting of said Selectmen be holden at the Town Hall North Chelmsford, on Friday, the tenth day of May 1912 at Eight o'clock in the evening, at which time and place said board of Selectmen will consider said petition, and all parties interested may be heard, and that due written notice of such hearing be given by publishing a copy of said petition and this order thereon twice in the Lowell Courier Citizen, a newspaper published in Lowell, Mass, (there being no newspaper published in said Chelmsford) the last publication to be at least fourteen days before said meeting.

D Frank Small
Walter B Emerson

Selectmen of Chelmsford

Public Hearing opened at time of calling 8 o'clock and petition was read by the Chairman D Frank Small.

Supt Lees of the Bay State St. R.R. Co said that the Company was desirous of laying new rails and would like the location decided upon for ten years hence and that it would be a great improvement to the Citizens of North Chelmsford as well as a benefit.

Mr Thomas Murphy claimed the proper place for the tracks was in the center of the street down at Dartmouth & Amherst streets it was very dangerous with the present location and as for him he would like to see them in the Center of the Street.

J. F. McC. Mannion would like them moved in front of his store

W. J Quigley stated that he thought that the center of the street was the logical location.

A vote was taken and it seemed to be the sentiment that the tracks be located in the center of the street.

Hearing Adjourned.

Chelmsford, Mass. Nov. 8, 1913

To the Honorable Board of Selectmen of Chelmsford, Massachusetts.

We, the undersigned, Members of the School Committee and others, having the moral welfare of your Children and of the community at heart, believe that the newer dances, indulged in by a certain class of people are of themselves degrading, both in action and in thought, with a tendency to demoralize the mind of children, and are in no way conducive to the uplifting of young people.

We, therefore, respectfully request that your honorable board will use all lawful means to suppress indulgena in this degrading influence in the public halls in Chelmsford.

Voted to have notice printed and posted in the public halls of the Town forbiding the dancing of the dances alluded to in the above Petition

To the Directors of the Lowell and Fitchburg Street Railway Company:

You are hereby notified that the Selectmen of said Chelmsford, in session, have this day passed an order granting to said Company a location for a Turnout in said Town, upon such terms, conditions and obligations as in the opinion of said Selectmen the public interest requires a copy of which order is hereby annexed.

Selectmen of Chelmsford { D Frank Small, A Heady Park, Karl M. Perham

Whereas the Lowell and Fitchburg Street Railway Company, a body corporate under the laws of the Commonwealth of Massachusetts has by a majority of it directors petitioned for a location for a Turnout in said town, and whereas a hearing was held on said petition at Town Hall in that part of said Chelmsford known as North Chelmsford on Monday the Sixteenth day of Oct A.D. 1916, after publication as required by law and ordered by said Selectmen of said Town, being more than 14 days before said meeting of a written notice thereof in the Lowell Courier-Citizen, a newspaper published in Lowell in County of Middlesex and said Commonwealth and being the the only daily newspaper published by the Courier-Citizen Company (no newspaper being published in said town).

Now then, it is ordered by the Selectmen of said Chelmsford, in session, that a location be and hereby is granted, as prayed for in said petition, to the said Lowell and Fitchburg Street

Railway Company, for a Turnout in North Chelmsford with the right to erect all necessary poles and other structures and to use the overhead system of electric power, as shown by plan filed with the petition.

The location for a Turnout hereby granted is subject, so far as the same is applicable thereto and not inconsistent herewith, to all the terms, conditions, and obligations imposed in the aforesaid order to the Directors of said Company, dated January 14, A.D. 1903, and duly accepted by said Board, to which order reference is hereby made as part thereof, which terms, conditions, and obligations it is adjudged the public interest requires.

Feb. 17 1928

Special meeting of the Board of Selectmen held Ralph P. Adams, George Rigby and Elizabeth S. Brown present
Mr. Kirkby appeared before the Board of Selectmen to protest against the appointment of Fred J. Vinal as Chief of Police
Voted to endorse the order and action taken Feb 15 1928 by the Chairman of Board of Selectmen as to the muzzling of dogs.
Voted that the Board of Selectmen accept the resignation of John E. Johnson as a regular police officer from the Chelmsford Police Department.
Voted that the Board of Selectmen accept the resignation of Harold C. King as a regular police officer from the Chelmsford Police Department.
Voted that the Chief of Police be instructed to obtain a statement from the Registrar of Motor Vehicles verifying the fact that the Chief of Police has knowledge of motor vehicle rules & regulations

John E Johnson and Harold C King came in before the Board of Selectmen and said they were willing to go back on duty and they would not work only between the hours of 7 P.M. and 3 A.M. and to have all day off, from 3 A.M. to 7 P.M. + to have one day + one night off each week.

Johnson said that if he and Mr King went back on the police force that there would be friction between Chief Vinal and themselves, and they would not take orders from Vinal as Chief and they would consider him as Chief in name only. Johnson said the reason for this would be that they meaning Johnson and King new more about police work than Vinal. Johnson said that they had no confidence in Vinal as Chief

Mr. King when asked if he had anything to say said "that my statements are the same as Johnsons."

Mr. Johnson pleaded for a chance as Chief of Police and said he would show and give the town the best police department it ever had. When asked by Mr Rigby why he should not be willing give Vinal the same chance, he answered "I asked for the position first."

Mr Johnson then went on to explain how he should run the police department and what he should do if given that chance.

At the conclusion the Board of Selectmen voted to hold a conference Tuesday evening Feb. 21 at 8 P.M. and to call in Chief Vinal, Harold C King and John E Johnson to go over the entire matter.
